

THE EPISCOPAL CHURCH OF THE TRANSFIGURATION

HONORING OUR VISION — CREATING OUR FUTURE

JUBILEE CAPITAL CAMPAIGN

Honoring our Vision — Creating our Future

BECOMING MORE THAN WE ALREADY ARE

Our Growing Ministries

We are a growing church. It's not a matter of "build it and they will come." They are already coming – 200 new members in 2005 alone. Every week one of our ministry groups asks for space, and we cannot serve them. Every week our neighborhood community asks for space, and we cannot serve them. Our Christian education classes are growing, and we cannot serve them. Every week we are called to meet the needs of others through our outreach ministries, and we cannot serve them.

The Jubilee Capital Campaign will help us meet our growing needs. Here's how:

South Building — This facility will bring our ministries, our clergy and our staff together, while encircling and embracing our holy space, the nave. Current plans include a chapel, an expanded sacristy, offices for the clergy and staff, conference rooms, adult-size classrooms, a small auditorium and spaces for the music ministries.

Children's Ministry Building — The current Parish Offices building will be remodeled to give our children their own welcoming and hospitable space when they come on Sundays and allow us to provide additional weekday Christian Education programs.

Pipe Organ — Music leads us in our worship and helps to create our sense of

"Holy Space." Our new organ will have more than 3,000 pipes; 46 voices instead of only 17. Our worship will reverberate even more with thanksgiving.

Outreach Ministry — We already reach many but the need is great. An Endowment for Outreach will provide additional funding for our many outreach ministries.
